Learning Question... Would you like to live in the Stone Age?

Year 3/4 Project Homework

******Can you find out what an archaeologist is and what they do (there's a famous fictional one called Indiana Jones whom you might have heard of)? What skills do they need? Where would you go if you were an archaeologist? Why? Present your findings in a creative way for example on an information poster or board.

******Create a poem, rap or song about life in prehistoric times. Maybe use your recent work on poetry linked to fire as a starting point?

******Use a range of materials from home to create your own prehistoric wall art or sculpture. Use images from our topic or the internet to influence your work.

TRIBAL TALES

Read non-fiction books/use the internet to find out about the Stone Age. Show your findings in a creative and interesting way (leaflet, information board, poster).

Using your local library or internet to find out what a Bronze Age settlement would look like. Can you draw or create a model of one and label it?

Write a short story set during prehistoric times (either Stone Age, Bronze Age or Iron Age). What could happen? Remember to make it historically accurate (sorry, no dinosaurs - but loads of other amazing animals and danger.) Or you could base it on our class story 'Stone Age Boy'.

What are monuments? Are there any in our local area? How do these modern day monuments compare with prehistoric monuments? Do any still exist today (even after thousands of years)? Present your findings on a montage board (like a scrap book) with labels and dates or in a PowerPoint of word document.

Information for children and parents

A Happy New Year from all the Year 3 and 4 staff and well done on starting your homework project!

Over the next half term your task is to complete as many of these 'Tribal Tales' inspired homework activities as possible. **There are three (3) compulsory homework activities** that have a ****** placed next to them that you must complete over the half term in order for your name to be entered. Once you have completed a homework activity, please bring it into school to share with your classmates and teacher. Remember your homework needs to be of a high quality (there were some fantastic examples again last term). Thank you and good luck!
